BASIC RULES IN ADVANCE

- You can play this game individually or with multiple players/teams.
- Each team/player gets 3 darts a visit, and after one visit, the other team/player gets to throw.
- The distance to the board is 2.37 meters, and the centre of the board is at a height of 1.73 meters.

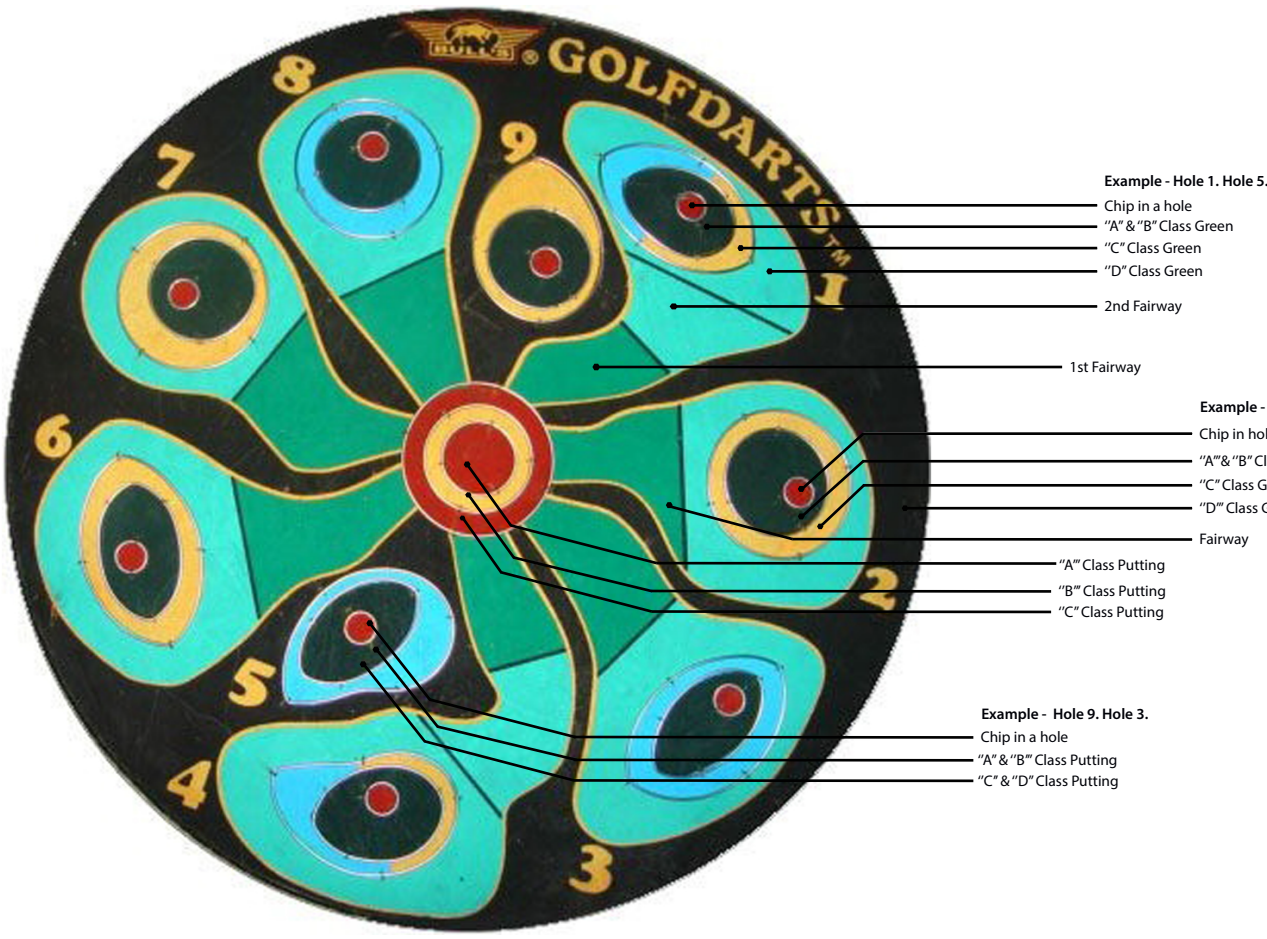

The PAR DART board represents a nine-hole golf course. Each "Target" (a fairway, green, hole, sand or water trap is coloured for easy identification. Every dart thrown equals one "Stroke", so you must count every dart.

If after three throws you have not hit your target you count four and move to next target. For example, you miss the first fairway with your first three darts you add one stroke to the three darts thrown, score count being four and move to the next fairway. You can throw a maximum of three darts per target. Should a dart hit or touch a black fairway dividing line this dart would score one stroke and be deemed as missing the target. Each player must complete all nine holes off the course. The player with the lowest score at the end of the game is the winner.

BASIC RULES DURING PLAY

WATER AND SAND TRAPS:
apply to "A" class only.
If hitting water trap, add one penalty stroke for each dart hitting water, therefore scoring two for that shot.
If hitting sand trap, step back to sand shot line for next shot. Sand shot line is one foot (30.48 cm) further back.

OUT OF BOUNDS:
Any black area on the board ; any hole other than the one being played. It is a maximum of one penalty stroke per hole …… If you throw three darts out of bounds you only count one stroke penalty in addition to counting three darts thrown.
